The Democrat.

REPUBLICAN papers do not endorse Ingersoll because he is "an athei-t and vili-fier of the Christian religion," but because he is in favor of equal rights and ustice to every citizen; because he is in favor honest money, good government and protection to American industry and labor; because he is in favor of a free ballot and an honest count, which the Democratic party refuse to permit,-Re-

In Rhode Island, a Republican state, about one-half of the citizens are not allowed to vote, for no other reason than that of poverty and being white and of foreign birth.

Is this "equal rights and justice to every citizen?" Is this "a free ballot"? Other New England states interfere

to prevent a "free ballot." And we have known Republican employers terrorize and threaten their employees into veting the Republican ticket against their convictions. Is this "a free ballot?" A Hayes fraud organ talking about

"honest count" is like Bob Ingersoll, or the davil, quoting Scripture.

The fact of Bob Ingersoll being an atheist and vilifier of the Christian religion does not hurt him at all as a Repubcan leader and champion. He seems to be all the more acceptable to the Repository, at least. His influence, too, with Garfield and Blaine is immense.

The only "honest money" is sold and silver. No man or set of men can depreciate these to feed his or their greed. Under the rule of this pretended "honest money" party, they depreciated greenbacks and National bank paper, and thus piled up a National Debt to double what it should have been, playing into the hands of the money shy locks, and robbing the people.

And this is their "good government," and "protection to American Industry!" Plain spoken, honest people call it robbery. What a plessed thing it will be when mankind learn to call things by the right names.

Counting in a fraud as President was an "honest count," according to the Repository. Dorsey, the Star router, manipula ing Indiana last year, was an "honest count." The loyal salary grab rule South was "good government." And Credit Mobilier, DeGolyer, Star route fall, to say nothing of the Conkling-Garswindling is Republican "good government." It all shows Republican "equal rights and justice."

According to the Springfield Republi can, President Garfield recently said of the ex-Senator from New York, "He "wants to look me in the eye, does he? "Let him come into this room, and I "will look him in the eye when he comes "in, and give him my boot when he "goes out." Also, Secretary of State Blaine, alluding to the same distinguished gentleman, spoke contemptuously of "his lordly pomposity, his grandiloq tent "swell, his majestic overtowering, his "turkey-gobbler strutting," and declared that he compared with Winter Davis even as "a satyr with Hyperion, Ther-"sites with Hercules, mud with marble, "a dunghill with a diamond, a singed cat "with a Bengal tiger, and a whining "puppy with a roaring lion." Harmony is now raging in the happy family. Long live the Union League, and these Republican boomerangs.

A SUMMER TRIP.

The Detroit Evening News is advertising its annual summer excursion. This is the fifth season. This season there will be three grand excursions, starting July 1st, 14:h and 21st, to September 7th, from Detroit to the sea, the round trip for \$20 2,000 miles, for one cent a mile. The route is from Detroit over the Grand Trunk R. R. to Kingston, Oat, where cars will be exchanged for steamer on the St. Lawrence; the day will be spent on the river, passing the Thousand Islands and "shooting" the famous rapids, arriving the same evening at Montrealthence by cars to the White Mountains, thence to the seashore at Portland. On

the return trip Quebec will be visited. Circulars will be sent to any address on receipt of stamp, by writing to W. H. Brearley, office Detroit Evening News also their guide book for 30 cents.

THE Pepublican papers charge Frank Hard with being for "free trade," They seem to be alarmed, and yawp as usual. As we understand Frank Hurd, he is in full accord with the Constitution of the United States, and believes in just government and equal taxation, through tariff duties or otherwise. He believes that the power given to Congress "to lay and collect taxes, duties," &c., is with a view to get revenue to pay the debts, &c., of the government. He does not believe that Congress has any right to tariff tax the people in order to put millions into the pockets of private individuals. Frank Hurd is a Democrat, without dodging or prevarication, and in favor of a Constitutional and just system of taxation. That is all.

THE Repository seems to think the Republican majority in this judicial district is "overwhelming." We do not believe in this country there is any such thing as a fixed majority. An appeal to the people, to their reason and to their intelligence, with the sling of truth, will alarm error and wrong and ultimately overthrow them. The Czar of Russia quakes, with all his power; the old French monarchy toppled and felt, and the rotten Republican hulk, propped by monopoly and fraud, will fall like Goliah of old. In fact, "thrice is he armed "that has his quarrel just, and he but "feeble, though wrapped up in steel, "whose conscience with dishoner is cor-"rupted."

Boyston, who is in Kilmainham prison, sends this cablegram to President ion of Washington township, ma-Garfield: "I hope the American Government will never submit me, or the honor of the Republic I fought to maintain, to the degradation of an appeal to the benevolence of the cowardly British Government, incapable of extending to my countrymen the commonest justice." Now, Gen. Garfield, show your spank, and don't be afraid of John Bull.

THE "boss" system of politics does not win, and Mr. Conkling is certainly beginning to discover the mistake he made when he threw away his seat in the U. S. Senate, betrayed his party into the ha ds of the enemy, and insulted the Legislature of his own state. The coutry has had too much of Conkling. Let him retire, and pull down the curtains. -Massillon American.

The "Boss system wins" when the President is the "Boss," for official patronage is powerful, especially in the Republican party. Has not the country "had too much" of the Republican party? Too much Star route, too much De-Golyer, too much Credit Mobilier, too much "custodian," too much "Boss system" in manufacturing establishments and elsewhere?

Individual liberty is what we need in this country. Petty tyranny, the "Boss" system, is the great curse. It rules or ruins, and its rule is ruin, in the end.

THERE is a serious split in the Repub lican ranks in Seneca county, which is Gov. Foster's home county. It seems Mr. Foster secured a change in the route of the New York, St. Louis & Chicago railway, cutting off Tiffin and sending it through his own borough, of Fostoria. Hence the Tiffin delegation in the Republican county convention last Saturday was solid against Foster. Toe friends of Foster were in the majority however, and expelled the thirty-seven delegates of Tiffin, and when they marched out, they were treated by the Fosterites to hisses and groans. They went out swearing vengeance to Charles Foster.

ALEXANDER Hamilton and the odious Federal party were the aucestors of the present Garfield Republican party. Mr. Garfield admits he is a follower of Hamilton, and abhors Thomas Jefferson and his teachings. He so spoke in Congress, admitting that Jefferson was the apostle and father of the present Democratic party. Garfield's alien and sedition law Federalism is pronounced. It exists in full vigor in Republican Rhode Island, and elsewhere in New England.

THE Star route thieving and the custodian of the Treasury swindle, will have a bearing upon the elections this field muss in the party. Besides, here in Ohio thousands are disgusted with the operations of Gov. Foster and the last Legislature.

THE Democratic state convention of Virginia will be held August 1th, and the nominee for Governor will be Gen. H. Payne of Fauquier, or Gen. Fitzbugh Lee of Stafford county. The campaign will be warm and exciting. At the Presidential election last fall, the Republican vote and the readjuster vote beat the Democratic vote 12,000.

THE balloting for U. S. S nato 8 at Albany continues as it was last week. The stalwarts hold a nough members to prevent an election, unless the Garfield "half breeds" yield. The prospect is, the election will be thrown over for the Legislature to be chosen next November. This will suit the Democrate, and refer the whole matter to the people of the state of New York.

JOHN W. GARRETT was received in Baltimore on Wednesday of last week, on his return home from Europe, by deputations of distinguished citiz ns, martial salutes, a speech from Mayor Latrobe, and hearty cheers. Mr. Garrett made a pleasant speech of thanks, and was detained at the station for half an hour by much hand-shaking. For years he has been the leading man in the Baltimore & Ohio railway.

Can any genuine Democratic paper give the reason why Sam Randall of Pennsylvania went over to Albany, N. Y., to see the Legislature of that state, just after Conkling and Platt resigned? Did he believe 55 Democrats could out vote 106 Republicans? - Carroll Free Press. "Can any one give the reason why" a

lie made out of whole cloth, like the above, should be so acceptable? THE Stark County Democrat defends

the defeated b sees and infamous Star routers against President Garfield and his administration .- Repository. This is news indeed. Democratic pa-

pers have something else to do than to 'defend" Republican "rascale" of the Cor. Tuscarawas and Market Streets, pure Hayes period. Garfield and Blaine it is to be hoped, are trying to redeem themselves. They have been badly

REPUBLICAN papers in Ohio are beginning the work of trying to convince the temperance people that the Republican is the gur-reat temperance, law and or. der, moral reform party. The last Ohio Legislature, strong Regublican in both branches, elected two years ago by the same appeal, did nothing, although two hundred thousand citizens petitioned for local option. "Great temperance party!"

THE H yes administration mounted the wooden horse reform-reforming the corrupt Grant administration. Now the Garfield administration is riding the reform hobby-reforming the corrupt ONEPRICE, NO JOCKEYING. Hayes administration, Star route, custodian, &c. It is the same old fiddle, with out even a change in the tune.

THE better part of the Democratic party now admit that President Garfield's administration is a complete success.-Carroll Free Press.

The same blatker and stuff, the same paper used to publish about the Grant and Hayes administrations. They were each "a complete success"—in corruption and fraud.

SENATOR Hartshorn of Mt. Union College, who bulled through the divisking Snyder vote for it, was strong for Pond's license bill, that failed to pass. It being unconstitutional made no difference, with Hartshorn & Co.

THE Republican state convention at Cleveland is said to have been a tame affair. John Sherman was permanent chairman, and Charles Foster was reaffair. John Sherman was permanent chairman, and Charles Foster was renominated without opposition.

Ir will be seen that the rumpus at Albany does not keep the Administration from "huuting the rascals down."-Re

It will be remembered these are Republican "rascals," who were part of the pure Hayes administration.

THE Toledo Blade credits State School Commissioner D. Wolf to Summit county. In the interest of the eternal veri ties we state the fact that Col. DaWol. was nominated and elected from Lucas county .- Cleve Herald
